Join other women in the Apples of Gold nurturing ministry. You will be blessed as you grow together in your love for God, your family, and others. An Apples of Gold class is more than a Bible study. As you meet weekly, mature women mentor younger women through

- Topical Bible studies based on Titus 2:3-5
- Cooking demonstrations and sharing a meal
- Encouragement to be the women God has called you to be

If you have any questions, contact Holly Kaster.

“I believe the Lord spoke something to my heart recently that I want to share with you Ladies. It's time for some R & R. And NOT the R & R you're thinking of. Real and Radical R & R is what it's time for! Many of us have been enjoying the other type of R & R (rest, recovery, recreation), but it's a new season and it's time to get busy. Having said that, we have some great classes to jump start the upcoming season.”

“I want to STRONGLY encourage you to find yourself involved in these studies. [They] will dig deep into the Word of God. You will be inspired, encouraged and challenged. If you have never been a part of our ladies Bible Study, what are you waiting for?” -- Lori Kolvek

Two weeks ago my mom was diagnosed with stage 3C ovarian cancer that has metastasized to her abdomen. They have already started chemo and she will have major surgery near the end of the year followed by more chemotherapy. My mom is a strong Christian, with a beautiful, fierce faith, and walking through the beginning of this scary, sudden, painful process with her has been such a clear picture of God with us. Even though the whole situation is almost constantly on my mind, God has used that to call me into a continuous stream of prayer like never before, and though I have been sad and even grieved over what may come, I have not had a single moment of feeling overwhelmed or helpless or even worried. God has flooded my heart with His peace. As I have been sharing the situation with friends here (many non-Christians), God has opened doors for me to share little glimpses of who He is and how He works. We are praying for her healing. I can't imagine life without my mom. We are thanking God for this reminder that time is precious, and we are praying for every person that He will bring into our lives during this journey. Love, Emily
